# 4th of July Plans Set

Plans for another big 4th of July Celebration to be held in Grayling are being formulated by the Grayling Booster Club, sponsors of the annual event.

As in past years, the days events will follow a similar pattern with the start of the celebration of the nation's 199th birthday beginning with a parade down Michigan Avenue at 12:30, according to Dick Auman, club president.

Following the parade, a water battle between the Grayling and Frederic Fire Departments will be held on Michigan Ave., between Cedar and Peninsular.

After the water battle, the festivities move to the city park for the remainder of the day where several children's events will be held. Between 8:00 and 8:30 a special program will be held at the food tent.

As a finale to the days celebration, over \$3,000.00 worth of fireworks will be displayed, the largest in the north.

Any organization or individuals wishing to participate in the parade, are asked to contact Dick Auman at 348-2431 or Gene Case. Parade formation will be at 12:00 noon at the Grayling Elementary School. Everyone is invited to participate.

## Turn the Wheels for Easter Seals

Mainstreet Grayling will be the scene of an exciting "road race" for the benefit of the Crawford County Easter Seal Committee, on July 4th. Two wheelchairs will race down the "track" from the Post Office to the stop light and they can only move by donations.

One wheel chair will be driven by the Kiwanis and the other will be driven by the Rotary and while the racers are competing, members of the two organizations will be circulating among the crowd asking for "fuel." The chairs will move a foot per dollar of magic "fuel".

The "race" will start at 11:30 on July 4th with the traditional green flag waved by Bill Joseph and Melvin Nunn who are the co-chairmen for this event.

The Easter Seal Committee is hoping they can raise enough money to buy two new wheel chairs for the handicapped in our county.

In the past six weeks the committee has purchased \$1500 dollars worth of equipment to be used on a loan basis for any handicapped person.

Let's all support our Easter Seal Committee and join the crowd and help "Turn The Wheels For Easter Seals." Don't forget, 11:30 July 4th. While you're waiting for the parade.

## Engineers Complete Projects And Training

Elements of the 46th Engineer Group in Camp Grayling for their two week training period have made extensive progress on projects scheduled for the period.

Viewed by MG John H. Johnston, Adjutant General, State of Michigan, the group received high compliments for the work being accomplished both on the reservation and in the civilian community.

In addition to the regular training for combat engineers of the 137th Engineer Bn. from the Upper Peninsula, projects that have been scheduled for completion this week include: construction and renewal of several ranges and relocation of the Jones Lake tank trail.

The 207th Engineer Bn., from Bay City with units from different parts of the lower peninsula and one unit from Sault Ste. Marie, are busy completing a number of projects including crushing rock at Alpena and hauling it to Camp for use in construction projects, improving roads, and constructing parking areas.

Notable in the construction projects being completed by the 207th Engr. Bn. are two civilian support activities which show what the capabilities of the engineer units are in terms of larger projects. These two projects, the sanitary land fill trench for Crawford County, and the three and one-half mile road for the Northwoods Reservation Boy Scout Camp near West [See Engineers on page 12]

## Pilot Dies In Jet Crash Near Gaylord

An Ohio National Guard pilot was killed during a training flight Thursday afternoon when his F-100 fighter jet crashed in a wooded area near Big Bear Lake in Charlton Township about 10 miles southeast of here.

Gaylord state police said they recovered the body of William Mann, 25, of Toledo, the craft's only occupant.

According to Guard officials, the plane was accompanied by another fighter on the training flight. The other plane was not damaged or damaged, spokesmen said.

This was the second fatal crash in recent weeks for the 180th unit. The group's commander, Col. Charles Bell, was killed three weeks ago when his F-100 went off the runway at Toledo Express Airport. Guard officials said his copilot remains in "serious" condition in a Toledo hospital.

## CORRECTION

In the article brought to us on the Historical Society, it was mistakenly stated that representatives from Lovells and Frederic were needed for the historical society. Such is not the case, as three very able people are already in those positions. Mrs. Ruth Caid and Miss Margaret Douglas representing Lovells, and Conrad Owens representing Frederic.

## WARNING

Annual Training will be conducted by the Michigan and Ohio Army National Guard units during the period 25 thru 29 June 1975. The various ranges located at Camp Grayling will be utilized during this period.

These ranges will be closed during the above dates and all persons are warned to stay out of these areas.

## Red Cross Blood Bank Here Wednesday, July 9th

The Bloodmobile will be at The American Legion Hall from 2:00 p.m. until 8:00 p.m. Wednesday, July 9th.

Red Cross still needs blood badly. Although the acute situation existing last January has been eased, the reduced employment in many Michigan plants has reduced donations and supplies are barely adequate.

Although no blood is ever unused or wasted, the form in which blood is used in normal transfusion in hospitals is limited to 21 days of life, so the requirement of fresh blood is ever with us.

Please come and give a pint if you possibly can - mark your calendar now - 2:00 to 8:00 p.m., Wednesday, July 9th at The American Legion Hall.

## Hatt's Home For The Aged

Their new Home for the Aged will provide residential care for the elderly who are not bedfast. To those people or organizations that have made donations of furnishings or equipment to facilitate the opening, Mr. and Mrs. Hatt are most appreciative.

McCann, the Company's Exchange Manager. Engineering and installation will be performed by General Telephone personnel to meet an in-service date of July 1, 1975.

## Fire Dept. Called To Kesteloot Home

The Grayling Fire Department responded to a call at 11:42 p.m. Friday night, June 20 at the Albert Kesteloot home at 504 Michigan Avenue.

According to Chief Joe White the fire started in an upstairs bedroom and completely destroyed the room. Part of the house downstairs suffered from smoke and water damage. The cause of the fire is as yet undetermined.

Chief White stated that the family was fortunate that the dog woke up Mr. Kesteloot. However, the dog was destroyed in the fire.

Twelve men and 4 vehicles answered the call. The men spent 3 hours at the scene making sure the fire was completely out.

The home is the former Schmidt home on Michigan Avenue.

This was the 33rd call of the year for the Grayling Fire Department.

GRAYLING, MICHIGAN — THURSDAY, JUNE 26, 1975

## Guard Controversy, Ridiculous

With the controversy that spread through the area last week over Guard training vs. the Kirtland Warbler and noise complaints from the firing—at first we were going to ignore it as just being ridiculous.

But then on second thought—when we heard about a few persons making remarks about sending the guard some place else for their training—we decided to pass on our views to those few, who we are sure are a minority—and have lived here a short time.

We have here only 29 years—the guard, last summer completed 60 years at Camp Grayling. For us to say "go home guard", would be similar to remarks we heard in Louisiana during training in World War II, "go Home Yankee."

Another remark we have heard, and received through our "Mailbox" is about the money hungry merchants in Grayling—and that is the only reason they want the guard here.

Evidently, these people are not aware of the 130 individuals who are employed at Camp Grayling and ATEP (Annual Training Equipment Pool) at the Grayling Airport year around, with an annual payroll of \$2,500,000, and are local tax paying citizens.

In addition, there are 50 seasonal employees at the camp, many of them college students earning money for their education.

Besides this, because ATEP is on Federal land at the airport, the Crawford AuSable School District receives \$150 per student of the personnel who work there each year from the Federal Government, and amounts to between \$9,000 and \$12,000 per year.

Removal of the guard, would effect Grayling and the area, ratio wise, like the closing of the automobile plants down state.

We agree merchants would be hurt, but, everyone would suffer, by losing this year around employment by the Michigan National Guard.

Possibly the grippers figure they have found their utopia from the cities, and now wish to eliminate something here similar to what they escaped from.

We don't buy it. As for the battle of the birds and tanks, this controversy came only after quotes by a couple men, that appeared in a down state newspaper. They are also a minority—and their remarks were blown out of retrospect.

We are sure that between the Guard and DNR, this problem will be resolved—and without a lot of fanfare.

Our only hope is that what transpired last week, will be considered by the 5th Army Commander when summer encampments are assigned, that the controversy was stimulated by the minority, and not the majority who reside here.

Like we said "ridiculous!"

## The Insects Are Here

By David D. Olson  
County Extension Director

With the arrival of warm weather, insect activity is increasing in the AuSable Valley area. David Olson, County Extension Director, says "this spring seems to be particularly bad for damage to forest and ornamental trees."

The Spruce Budworm is causing heavy damage to balsam fir and spruce trees in many areas. The larvae have been feeding on flowers, old needles, and new growth. They are now tying together twig tips to form nests. It is impractical to control the damage in forest stands. The property shows heavy damage the trees should be cut as pulpwood or sawlogs. Ornamentals can be protected by spraying with Malathion as long as the larvae are active.

Maples, Oaks, and Aspen trees in the north part of Oscoda County are being hit by the forest tent caterpillar. This insect does not make the common tent like web of the Eastern forest tent caterpillar. The larvae are brown with a pale blue band along each side. The top has a row of white key-hole-shaped dots along its back. The insect will build up in numbers and cause complete defoliation of trees. There is generally no mortality of trees until the 2nd and 3rd year of defoliation. The best control will be cold, wet weather immediately after the egg hatch in May of 1976.

On yard ornaments or car properly an application of carbaryl (Sevin) will control the insect.

Jack pine and red pine are again being attacked by the jack pine budworm. The insect larvae are now actively working on the needles. The larvae are one inch long and will be reddish brown to yellow in color with a shiny brown or black head. The dead needles are gathered in webs and give the affected trees a brown appearance. There will be tree mortality in the area this year. Ornamentals can be protected by using Malathion.

In forest stands it is advisable to harvest mature jack pine as soon as possible.

Your County Cooperative Extension Service Office can assist you with insect identification and control recommendations.

## THE BIBLE SPEAKS

From Calvary Baptist Church

### Hard Rock & Human Passions

Hard rock music is directly related to promiscuous sex. Time magazine described a performance after Woodstock by the hard rock group Ten Years After as a "rhythmic orgasm". Frank Zappa writing once in Life magazine on the place of rock music in the socio-sexual revolution said, "Rock music is sex. The big beat matches the body's rhythms." This is not the opinion of the church leaders but secular newsmen who reached these conclusions on the basis of observable facts.

John Kay of Steppenwolf said concerning the group's success, "One of the reasons we're so successful is that we're able to keep the music hard and direct so that it communicates directly with the body." Another popular rock performer once said, "My favorite trick is to slowly unbutton my shirt until my bare chest completely shows. Then I take off my shirt and throw it into the audience and lie on the floor with the microphone stand and go into sexual postures. I can make the girls do anything I want them to when I'm singing." These are not the opinions of outsiders who have observed the facts, but direct claims of hard rock performers themselves.

The message of hard rock is self-condemning by just a study of the words. Although some words have a double meaning, the literal message often leaves no doubt as to the goal of the

song. The message often covers one of three areas, sex, drugs or revolution. Jerry Rubin, the yippie revolutionary leader said, "Elvis killed Eisenhower by turning our uptight young awakening bodies around. Hard animal rock energy/boat surged hot through us, the driving rhythm arousing repressed passion. Rock and roll marked the beginning of the revolution."

A decade ago when parents were so concerned about the "big beat", they didn't often understand the words. However, most young persons who listened to hard rock had the words memorized by heart. The words of hard rock music played a large part in bringing about the so-called generation gap. The radical ideas were reinforced by the sense of unity and emotional appeal or empathy created by the beat of hard rock music.

The Bible says, "Abstain from all appearance of evil." I Thess 5:22. I cannot think of a better application of this principle than in connection with hard rock music.

Next week we shall look at Hard Rock and Demonism. (adv.)

Top prize: \$500,000 cash plus

Lotteries have been part of the American scene since this country was founded nearly 200 years ago. The early colonies utilized lotteries to build roads, schools, hospitals and pay for the costs of government. Nothing in the last 200 years, however, compares with Michigan's new Bicentennial Commemorative Lottery. The \$5 game. It is the biggest and richest Lottery in American history.

whether you win, and how much you win on Oct. 14. On this date, 17 or more winning 7-digit numbers will be drawn. If the lottery number on your ticket matches the last four or more digits of any of the winning numbers, you win. You have up to one year after the drawing to claim your prize. The procedure for winning is described in greater detail below.

## OK, relatives, here it is ...

The assignment was to sing "Florence McCool is Seventy" to the tune of "Old McDonald Had a Farm." I'll tell you, sometimes it is not easy being Irish.

It is also not easy to write columns on order. This was an Irish birthday party and funny things kept happening. After every laugh, someone would elbow me in the gut and say: "You'd better write something about that!" So here I am, with a sore stomach, writing under threat of being cut out of wills and off at parties. Please bear with me...

The event was a surprise party for Florence, my other aunt. Through the years I have written much about my Aunt Madeline, but not very much about Aunt Florence. Several years ago I did write that she and her husband were responsible for getting me into the newspaper business. Since then Florence has changed her name and address several times, but she still receives occasional rocks through her window. The only consolation I can offer her is that someday her name may be a household word, such as Frankenstein.

The party was hosted by Aunt Flo's daughter and son-in-law, Ginny and Don from Chicago. The last time I spent time with them was in Canada in a town where the law said you had to buy a sandwich before you could buy a drink. Don bought a cheese sandwich which he still carries in his pocket, 7 years later, just in case.

The only non-relative at the party was Aunt Flo's stockbroker. That's class. He is so devoted to her he even provided lodging for Ginny and Don, and refrigeration for the cheese sandwich.

The party was held in a private

room at Oakland Hills Country Club. Arranged neatly on a wall were photographs of about 50 handsome, middle-aged men. They were identified as past boyfriends of the guest of honor. My job was to stand in front of the plaque which revealed the men were really past presidents of the country club.

As you can see, this was a posh party arranged by my wealthier relatives. I caused quite a stir by driving my economy car to my brother-in-law's home in a green velvet subdivision. When I parked in his driveway, his burglar alarm sounded automatically. Fortunately, my mother was there to vouch for me.

Which touched off a familiar argument. I made the mistake of calling my mother a great voucher. "I know you think your mother can vouch better than I can," my wife said, "and I am sick of hearing about it."

"It is only because Mother has more experience," I explained. "She raised 5 nutty kids and has always had to vouch for them most people."

As always with these family parties, the final hours were spent singing. Terrible Jean and brother-in-law Jack are always asked to lead and I am always asked to go outside and guard the cars. But this time, in response to no demand, I insisted upon singing. I sacrificed my natural tenor and contributed a much-heeded bass, bringing "Down by the Old Millstream" booming gloriously up from my toes.

I thought it was magnificent. Out in the hallway, a passing stranger said he thought it was the plumbing.

Oh, it was a marvelous Irish party. Happy birthday, Aunt Flo, we all love you. E.I.E.I.O.

## Jack Pine's Stump

In one of my previous endeavors on this ridiculous column, I wrote about a swallow nest in a light fixture on the porch where I sit and enjoy the evening sunshine. But a few days ago I came home to find the ripped up nest on the porch, five dead baby swallows and a whole bunch of adult swallow feathers. Momma really tried to protect her young, and lost. That "menacing creature" dog of mine, chained by the door, hadn't touched the little birds, and she'd eat anything - even a dead stick or me. Anyway, Momma Swallow and her three friends have survived and a new nest has been built in a different light fixture on the same porch. I don't know what sort of creature did that, but it wasn't Friend Dawg. Her chain wouldn't even come close to the nest. Maybe a red squirrel, a crow or a cat did it. Or maybe a person. Whatever did it, I don't like it one little bit.

-JP-

Speaking of cats, and fully aware of the letters I will get on the matter, I hate the damn things. I adopted one once, but when Dawg moved into the house the cat left and went next door where the friendly neighbors took her in. In a short while she had a litter, which, happily, the neighbors gave away. Shortly afterwards the cat was hit by a car on Old Lake Road and was clobbered to death. No loss, in my opinion. I like all animals, except cats. To me they are the most supercilious of all creatures. They look down on us mere mortals with disdain and disgust. They sleep on our chairs and couches, kill our birds and are only nice when they're hungry.

I remember a hundred years or so ago, when I was seven and my brother was five. We decided, I think under our Mother's suggestion, to get Dad a cat for Christmas. Well, this was in the Depression Era, but brother and I had enough money to buy an Angora kitten. The day before Christmas, Mother took us down to the local pet shop and picked out the kitten. But being

Pallbearers were Jim Kitchen, John Wilcox, Rollin Wilcox, Ed Johnson, John Blaine and Howard Bunker.

### Succumbs at Home

Donald G. VanNocker died at his home on the AuSable River on June 18.

Funeral services were held Saturday afternoon at three o'clock at the Sorenson Funeral Home under the auspices of the Masonic Lodge 356 of Grayling. Rev. Paul C. Frederick officiated and burial was in Elmwood cemetery. The pallbearers were members of the Grayling Lodge and honorary pallbearers were Jamie Poyer, Joe Schnurr and Mike Schnurr.

Mr. VanNocker was born in Pennfield Township in Battle Creek, on March 1, 1903. He was an industrial engineer with Kellogg Company in Battle Creek for 33 years before moving to Grayling permanently nine years ago. He had been coming to Grayling since 1937 and had purchased property here in 1951.

Survivors include his wife, Ethel, one son, Donald E., of Sparta; two daughters, Gloria Ahlrich, and Barbara Poyer, of Stuart, Florida, seven grandchildren, and seven great grandchildren.

### Services Monday For Mrs. Mabel Walsh

Funeral services for Mrs. Mabel Walsh, 79, of Grayling, were held Monday morning at ten o'clock at St. Mary's Church, Grayling, with Rev. Fr. Louis Ivandic officiating. Interment was in Elmwood cemetery. A Wake Service was held Sunday evening at 8:00 p.m.

Mrs. Walsh of Old Dam Road passed away at Mercy Hospital on Friday, June 20. She was born in Detroit on October 5, 1895.

Survivors include one sister, Mrs. Florence Weil, of Harsen's Island, Mi., a son-in-law, John Desso, of Grayling; two granddaughters and two great grandchildren.

Pallbearers were David Jackson, Harvey Bourque, Jack Alef, Leon Rochette, William Kraus and LeRoy Christian.

the kind of rotten, stupid kids we were, we put it in a shoe box, gave it water and food and punched air holes in the top of the box. Then we put it in a closet for the night. Come about six a.m., Christmas Day, we Christmas wrapped the box, naturally covering up the air holes. Dad was the kind of a guy who much more liked to give than receive, so my brother's and my gift was left under the tree for several hours.

Now, Dad had a very weak stomach (and a very large one), and when he opened our gift at about ten a.m. Christmas morning, you wouldn't believe what happened. That poor cat was half dead, 100 percent wet, and thrown up, made "do-do" and all the rest. Dad promptly headed for the bathroom (I'm not too sure if he made it). He was gone for about an hour and he came back pale as hell, and not at all well. But he did thank us. Mother, Brother and I probably realized we'd made a grievous mistake, since I don't think Dad even ate his Christmas dinner.

-JP-

I don't know what happened to that cat, except that it grew into a beautiful beast. But I do know how we financed the purchase. I paid for most of it, mainly by blackmailing the local bootlegger who would bring a case of smuggled Scotch from Canada to the house every Wednesday. I got home from school before my brother arrived. He usually drove a new Plymouth and I would help him unload a wooden case marked "toys" from his trunk and carry it to our basement. Well, the case rattled, but I knew that the rattle came from a tin can with about a dozen marbles in it. He usually wanted his marbles and his can, but I got 'em and usually got a quarter for keeping my mouth shut. Well, I kept my mouth shut, lost the marbles the next day at school and paid for that damned cat. I'm not a real winner.

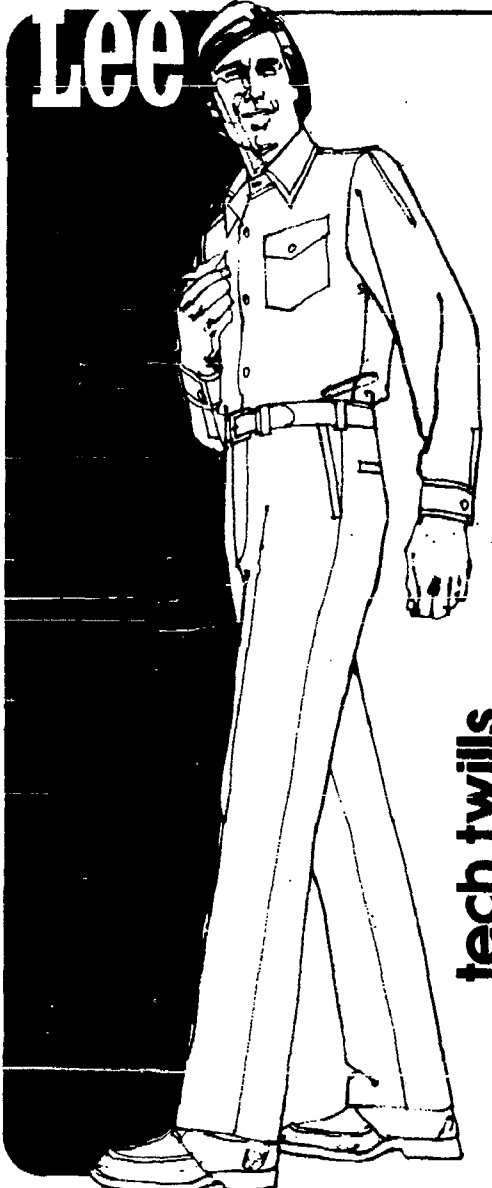

-JP-

In an act of generosity and, as some have said, "incredible stupidity", I loaned my car to a couple of my kids to visit their Mom in Minnesota. She just had surgery, and is doing very well. I'm not. I have to walk, so if you see an old skinny runt, wearing a Booster Club jacket, walking 72, 31 or Old Lake Road, PLEASE pick him up. Nine chances out of ten, it'll be.....

Tax Warning:  
As a warning to senior and other concerned citizens, the Michigan Legislature is attempting another clandestine rip-off of Michigan's citizens that promises to have its greatest effect on the senior citizens. There is currently a bill, House Bill 2439 before the Michigan Senate (already passed by the House of Representatives) that would drastically change Michigan's inheritance tax structure.

The present system exempts jointly-owned property. The new proposal would not only significantly increase the tax rate, it would also remove the exemption on jointly - owned property. All jointly - owned properties would be taxed including real property, personal property, life insurance, stocks and bonds and bank accounts.

The impact of this fiscal flagellation could be to force a surviving husband or wife to sell their home just to satisfy the rapacious tax collector.

Write your State Senator and Gov. Milliken immediately before they have a chance to sneak this little publicized bill into law.

R. Anderson

Al Titus, Glen's Market Grocery Manager presents David Jochims with this year's best part-time employee award. Each year the full time employees pick a part-time employee that is in high school and by their abilities are chosen accordingly.

Presenting the award to Dave is Al Titus, new grocery manager for Glen's, Grayling. Al moved from Kalkaska where he was promoted from the Glen's Market in Kalkaska. Al and his wife, Chris will be moving over soon. Al is a graduate of Michigan State University.

All of us at Glen's would like to say congratulations, Dave, on a job well done. Past Best Part-time Awards have gone to Gary Calkins, now assistant manager at Glen's, East Jordan; James Steere, working in Glen's, Grayling, this summer, waiting to continue his studies for a master's degree; Rick Gould and Bill Horning, now attending colleges and James Failing, dairy manager in Glen's Market, Grayling. We're real proud of each of these people. Also, this year we extend congratulations to 3 seniors that have graduated from Grayling High School, Steven Walker, Mark McNally and Nancy Peters.

## EDITOR'S MAILBOX

**EDITORS NOTE:** We have received several letters like the following concerning the Warbler incident. Due to repetition and space we selected this one for publication.

Dear Sir:

With a population of 334 the Kirtland's Warbler is one of the world's rarest birds, and we are fortunate to claim central northern Michigan as its only nesting area.

The National Guard has been ordered by the DNR to postpone its tank exercises for a month in a five-square mile area where 45 pairs of the birds nest in Camp Grayling.

Earl Longworth, Grayling Regional Chamber of Commerce executive manager, said recently, "I'd shoot every damn one if I had a gun. If 44 (sic) pairs of warblers are worth the million dollars that we receive from the National Guard training every summer, then I'll buy the Kirtland's warblers."

Nobody's business is worth the possibility of wiping a species off the face of the earth. I would hope that Mr. Longworth's position is not true of other area businessmen. I, for one, am going to recommend that the many people who come to our area to see the Kirtland's from other states as well as our own boycott all Grayling businesses unless they dissent from the unwise and insensitive position taken by this representative of commerce.

I am sure that confronting American business is like assailing the flag, to some, but what do we value in America? Money? Or things of beauty in our environment which cannot be priced?

President  
Thunder Bay Audubon Soc.

### ABWA News

The June meeting of the Grayling - Whispering Pines Chapter of the American Business Women's Association was held Tuesday, June 17, at the Chief Shoppenagot Hotel.

Joyce Bourrie gave the invocation and after dinner we all shared in celebrating the Birthday Girl of the Month - Karen Cassler. Phyllis Sauter, our Program Chairman, introduced the speaker for the evening - Jan Olson, of the Funny Farm Jan gave an extremely interesting and informative talk on "Antiques and Antiquing". Jan covered the subject well - going from "What is an antique and what is Old Furniture" - to "Where to buy" - "What to buy" - "Who to buy from" and "What to beware of". Jan also covered the art of preserving your good, old furniture and antiques, tricks of the trade for scratches, white rings, etc., and what kind of polish is the best.

Norma Naour gave the evening's Vocational talk. Norma is the proprietor of Pleasant Pines Resort on Danish Landing Road. Before coming to Grayling Norma worked for the Bell Telephone Company. Norma told us one of the best things about running Pleasant Pines is meeting so many nice people.

Sally Wert read the minutes of last month's meeting and also gave the Treasurer's report in the absence of Marilyn Longworth who was in Muskegon at the Miss Michigan Pageant.

Teams have been set up for the Attendance Contest and this reporter would like to urge all members to try and attend the next two meetings of ABWA and help your team.

Jackie Ruddy gave her report on the Milltown Committee. At this time ABWA will definitely be represented by a concession for two nights - Thursday and Friday, August 14 and 15. We will need everyone's help so that no one person has to give up too much time. We are still working on possible ideas for a float - hope to have more news of this at the next meeting. If anyone has ideas on this, call or see Jini Hindmarsh.

Joann Hall reported on the Scholarship Committee. Plans were made for Joann to be on the WGRY "Who Knows" program in the hope that more students will be informed and apply for the scholarship. Our big event of the evening was the election of the Grayling Candidate for ABWA Woman of the Year. Elaine Hartland, Chairman of this committee gave a brief explanation of how the candidates were chosen. Nominated this year were Tanya Peltto, Joann Hall and Jackie Ruddy. A vote was taken and Jackie Ruddy was voted our Woman of the Year and presented with a plaque.

President Tanya Peltto read a letter from Sally Swarts, Chapter Advisor of District Five, who stated that Grayling had been credited at the District level for having the most interesting speakers and vocational talks at their meetings.

Meeting was adjourned at 9:30 p.m. with the Benediction given by Lois Morningstar.

Betty Bennett  
Publicity Chairman

### CARD OF THANKS

My sincerest thanks to friends and relations for cards, flowers and visits during my recent illness. Also, thanks to the nurses and staff of Mercy Hospital for their care and kindness.

Anna Ingeborg Raae

To the Editor:

In regards to the Battle of Warblers vs National Guards. Don't you think the whole public argument is ridiculous? Actually Nature takes care of itself!

Evidently the birds have decided for themselves. They prefer the Tank Range to the Public Range. By that I mean, the birds have moved onto the Tank Range to possibly get away from the public.

If you have ever driven by a nest in a vehicle you may have noticed the birds of other species do not fly away but if you walk by they leave their nests. Maybe! Just Maybe! The birds are really smarter than people!

Now as to these people who are complaining of excessive noise and window rattling I think that's too bad. My father was in the National Guard back in 1917-1918 and he trained here in Grayling. Now these people who have come here and knowingly built on the edge of tank and firing ranges, have no room to cry because of noise and sleepless nights. The Guards have been here for a lot longer than these people that have come from big cities that have noises year around that we wouldn't begin to take. They come up here for the summer and possibly retirement. Cry because of seasonal training.

I myself enjoy their training, watching the air to ground, etc. I wish I was young enough to join them.

Mrs. Robert Hudson  
R. 1, Sherman Road  
Frederic, Michigan

June 22, 1975

Dear Whitley:

I have been composing a letter to you since June 1st, and each week the deadline goes by and I don't have it down on paper yet. The problem, trying to express my feelings completely in as few words for the space I feel I should use.

We have been permanent residents of Grayling for six years, and we have really grown fond of this community and the people who live and work here. We hope we have added something to the community, to at least equal what we have received, because you can't just take all the time. We recognize that there is no Utopia. We have problems here as you would living in Flint, Lansing, Gaylord, but working together these are problems that can be improved if not solved.

Each week in your paper I have read letters of appreciation. Ole Jack Pines experiences while a patient at Mercy Hospital, but they don't have the same meaning until you have been the recipient. I am sure each one that has written has struggled with just the right words to express what other people's kindnesses have meant to them.

We recently had our little world rocked, and want to share some of the many nice things that people did for us. The little things, someone seeing that your home and office lawn needed mowing, Donna and Gizz Niederert taking your youngest daughter in, the Doctors taking a few minutes to explain something, cards of encouragement, offers of help and prayer, the dedicated staff at Mercy, everyone has been just great, and has meant so much to my family.

If someone with a talent for writing is looking for a subject, "The Science of moving to a small town," would be a good one. It has certainly been the best experience of our life, and certainly worth the effort we put into it.

Thanks everyone  
Lois J. Morningstar  
Grayling, Mich.

## your week ahead BY DR. A.W. DAMIS

Forecast Period: June 23 to July 7

<b>ARIES</b> Mar. 21-Apr. 19	It's going to be up to you, of course. You're entering a period that calls for expanding your project. So, it's open the throttle and full speed ahead.
<b>TAURUS</b> Apr. 20-May 20	What's the best thing that could happen? A new face or an old friend to brighten you with a spark of enthusiasm. So, look for someone to boost your morale.
<b>GEMINI</b> May 21-June 20	Good financial "vibes" crisscross your chart. But, wait! That's not all. It seems as though there's, also, better things to come—with the opposite sex.
<b>MOONCHILD</b> June 21-July 22	There's added responsibility on the way. You won't like the set up, at first. You will, however, enjoy and find pleasure in this new challenge.
<b>LEO</b> July 23-Aug. 22	Bluntly, you're in for an emotional surprise. It seems as though, a frivolous member of the opposite sex—will become serious, suddenly.
<b>VIRGO</b> Aug. 23-Sept. 22	An important meeting is coming up. It's sort of a "hand shake behind the barn" thing. Anyway, this meeting will improve most departments of your life.
<b>LIBRA</b> Sept. 23-Oct. 22	Getting involved in someone else's problems seems to be in the scheme of things. Truthfully, your thoughts and motives will be in the shade.
<b>SCORPIO</b> Oct. 23-Nov. 21	Something you believe is scheduled for someone else, will indeed, happen to you. Take care, you might become a prisoner of your own reprisals.
<b>SAGITTARIUS</b> Nov. 22-Dec. 21	This week, it would be a good idea to yield to a bad situation—in order to survive. In other words, settle for half—forget the whole!
<b>CAPRICORN</b> Dec. 22-Jan. 19	According to your chart, a strong personality will attempt to overpower you. Incidentally, you'll be in touch with someone who is up to financial mischief.
<b>AQUARIUS</b> Jan. 20-Feb. 18	Here we go again, the more light in your eyes—the blinder you become. It seems as though, you won't face reality—concerning the opposite sex.
<b>PISCES</b> Feb. 19-Mar. 20	It seems as though you'll tie to yourself in order to justify your motives. Many members of your sign will reach into their "bag of dirty tricks!"

## Cast Set for Theatre Group's Production of "Junie Moon"

The Main Street Players, Inc. are fortunate enough to have a well-seasoned cast for their upcoming production of "Tell Me That You Love Me, Junie Moon" on August 1 and 2. Theatre goes in Roscommon and Grayling will remember them from many productions done while in high school, in addition to behind-the-scenes work. Bridget Hoffman "Music Man", Ann Haskel "Hello Dolly", Karen Smith, Marcie Hatfield, Dean Darling "George Washington Slept Here", and Mike Anthony have all worked on the stage in Grayling, and people from Roscommon will remember Mary Barber, Don Fenton and Bill Curnalia. The Main Street Players last production "We Bombed in New Haven" included June Karjalainen, Margaret DeSantis, Sue Homer, Bill Curnalia, Mary Barber, Matt Dameron and Don Fenton.

Several of the company are studying theatrics in college: Ann Haskel, Dean Darling and Laurie Cousineau at Central Michigan, and Marcie Hatfield at Lake Superior State College. Five have previous directing experience: Mike Anthony, Margaret DeSantis, June Karjalainen, Sue Homer, and Ann Dosch. Suzanne Erskin has acted in community theatre groups from downtown before coming to Roscommon. A great deal of experience is certainly no prerequisite for community theatre though - Don Fenton, Mary Barber, Rob Dickson, and Mike Dosch have only been on stage once previously, Matt Dameron twice.

Some of the company have far-ranging interests, although all are involved in drama, music, and literature basically. Four are teachers: Don Fenton teaches Natural Resources at Kirtland (and will soon have a book published on duck-banding), Dean Darling is teaching tennis and gymnastics, June Karjalainen teaches piano and has taught pottery, and Karen Smith teaches arts and crafts. Bridget Hoffman this last week was in Muskegon participating in the Miss Michigan pageant. Laurie Cousineau and Don Fenton love outdoor sports.

Ann Dosch of Grayling, who is directing the Main Street Players annual children's show along with Mary Barber of Roscommon, announced that auditions dates have been set for their play "Hansel and Gretel," which will be held in the Village Park in Roscommon on August 15 and 16.

Dates to remember for auditions are July 8 and 9, Tuesday and Wednesday night, at 7:00 p.m. at the Roscommon County Building. Three male parts and three female parts are open. They include a male witch, a mother and father, Hansel and Gretel, and a pantomime part.

The play will only be in rehearsal for approximately two weeks. Anyone who is interested in obtaining a script early is invited to the Main Street Players meeting on June 29. For information, call Ann Dosch at 348-2381.

All in all, the company is eager to put on a great performance of "Tell Me That You Love Me, Junie Moon" and hopes for a good turnout on August 1 and 2, and July 31 (our benefit for Senior Citizens and the handicapped). See you there!

### Arnolds Celebrate 50th Anniversary

Mr. and Mrs. Shirley Arnold returned Monday after spending ten days in Detroit. While they celebrated their golden wedding anniversary at the Shorin Motor Inn, given by their son and daughter, Mr. and Mrs. Dale Arnold and Mrs. William Crepin.

Attending from Grayling were Mr. and Mrs. Rex Hawkins and daughter, Mary Lou Felgenhauer, for which the Arnolds were very pleased. Others attending were relatives and friends from Detroit, Canada, Lansing and Standish and Fowlerville. We wish once again to thank our many friends from Grayling for the many cards we received.

The Arnolds have one daughter and one son, three grandchildren, and one great grandchild.

### Another Trip?

Looks like the astronauts are turning out like a lot of other tourists. All they do is talk about their trip!

## Mercy Hospital Auxiliary News

Thanks to so many for all the assistance to make our Luncheon and Style Show so successful.

To Sister Mary Hilda, R.S.M. Administrator, and Rick Guerin, Director of Dietary, for their generous help - to the women who prepared and served the luncheon - to the lovely women and young ladies who did such a beautiful job of modeling, to the organizer, to all who attended and to Mrs. Bill Joseph for her cooperation and generosity in showing the Grayling Mercantile fashions - we wish to say thank you to one and all.

Although the work of the Mercy Hospital Auxiliary consists of working at the information desk in the lobby of Mercy Hospital and working on the Merc-Maid cart throughout the hospital, the teas, card parties and other such activities we sponsor depend on the continued cooperation of our community. We encourage the women who are not now members, to join and become part of this very important group in our area.

This week on Mackinaw Island the Michigan Association of Hospital Auxiliaries is having an Educational Institute for 3 days. Attending and representing the Mercy Hospital Auxiliary will be our president, Wilma Ludeman, and also Alice Lozen, Pat Hammon and Louise Stillier. Exchanging ideas and news with other auxiliaries, our members hope to return with more

enthusiasm and fund raising ideas so that we may continue to do our very best for Mercy Hospital.

Our next meeting and the last one until September will be a picnic at the Higgins Lake home of one of our members. This will be a pot-luck. Bring a dish to pass and your own table service. We will leave the Mall parking lot at 11:45 a.m. on Thursday, July 10th. In case of bad weather that day we will plan on it a week later or Thursday, July 17th. To form car pools or for more information - please call me at 348-8207.

CASE NO.  
U-4840

## TO THE ELECTRIC CUSTOMERS OF CONSUMERS POWER COMPANY:

NOTICE OF ELECTRIC RATE HEARING and

NOTICE OF HEARING ON MOTION FOR PARTIAL AND IMMEDIATE RATE RELIEF and

NOTICE OF HEARING ON DEFERRED TAX ACCOUNTING FOR INDIRECT CONSTRUCTION COSTS FOR ACCOUNTING AND RATEMAKING PURPOSES

On May 28, 1975 Consumers Power Company filed an application with supporting testimony and exhibits with the Michigan Public Service Commission in Case No. U-4840, which requests authority to amend its retail electric rates so as to increase its retail electric revenues by at least \$118 million on an annual basis. At the same time, Consumers Power Company filed a Motion for Partial and Immediate Rate Relief which seeks authority, on an interim basis pending final Commission action, to amend its retail electric rates so as to increase its retail electric revenues by approximately \$73.5 million on an annual basis. In its Application, Consumers Power Company has stated that significant increases in the cost of capital, taxes, wages, equipment, materials and supplies have had a serious impact on the earnings level of its electric business and that it has not been able to attain the level of earnings in its electric business found to be reasonable in the prior electric rate order of the Michigan Public Service Commission. In addition, as part of the relief requested in this proceeding, Consumers Power Company has requested that the Commission promptly authorize it to utilize deferred tax accounting for indirect construction costs for accounting and ratemaking purposes.

The Michigan Public Service Commission has scheduled hearings in Case No. U-4840 and notice is given that:

A. The initial hearing in this case shall be held at 9:30 AM on July 11, 1975 in the offices of the Commission, Law Building, Lansing, Michigan 48913, which hearing shall be in the nature of a preliminary conference and shall be held for the purpose of exploring and, if possible, agreeing upon matters which will expedite this proceeding, including, but not limited to, the following:

1. Determining the parties to the proceeding, the nature of their appearances and positions they are taking in the proceeding, as well as the facts they intend to controvert or give evidence of, all in accordance with the provisions of Rule 11 of the Rules of Practice and Procedure Before the Commission.
2. Simplifying and defining the issues in this proceeding.
3. Obtaining admissions to, and stipulations of, facts not remaining in dispute, the authenticity of documents, and matters of public record.
4. Determining the number and identity of witnesses.
5. Specifying the schedule for the exchange of proposed exhibits and written testimony, and the reduction of oral testimony to written form.
6. Establishing procedures for the hearing.
7. Specifying a further schedule of dates of hearing.
8. Expediting any other matters which may aid in the orderly conduct of the hearing and the disposition of the proceeding.

B. Public hearings shall be held at 9:30 AM and 7:30 PM on July 22, 1975, in the Auditorium of the Law Building, 525 W. Ottawa Street, Lansing, Michigan, and 9:30 AM and 7:30 PM on July 24, 1975, in the Marine Room of the L. C. Walker Arena, 470 W. Western Avenue, Muskegon, Michigan, for the special purpose of taking statements and testimony of any interested persons.

C. Further public hearings for the purpose of introducing the previously filed evidence and any corrections thereto into the record and commencing cross-examination of the Company's witnesses shall begin at 9:30 AM on August 18, 1975 in the offices of the Commission, Law Building, Lansing, Michigan 48913, and shall continue thereafter from day to day or on such adjourned dates as the presiding officer may set until the matter has been fully heard.

D. A public hearing will be held on the Company's Motion for Partial and Immediate Rate Relief at an appropriate time during this rate proceeding according to such schedule as may be set by the presiding officer during the course of this proceeding in accordance with Section 6a of 1939 PA 3, as amended MCLA 460.6a.

E. The Commission, on its own motion, will commence an investigation and hearing on July 11, 1975 into the existing electric rates, charges, revenue deficiencies or excesses, services, practices, procedures and operations of Consumers Power Company, and the investigation and hearing will not necessarily be confined to matters contained in Consumers Power Company's Application but will include all matters pertaining to the reasonableness and justness of its electric rates, charges, operations and practices as may be necessary to enable the Commission to determine whether the existing or proposed rates and charges are unreasonable and excessive or inadequate and should therefore be reduced or altered.

F. Any person seeking to intervene in accordance with Rule 11 of the Rules of Practice and Procedure Before the Commission, shall file with the Commission on or before July 7, 1975, an original and 12 copies of a petition to intervene, together with proof of service upon Consumers Power Company, General Attorney, 212 West Michigan Avenue, Jackson, Michigan 49201.

Subparagraph (2) of said Rule 11 provides as follows:

"(2) A petition to intervene shall set out clearly and concisely the facts supporting the petitioner's alleged right or interest, the grounds of the proposed intervention, and the position of the petitioner in the proceeding, so as fully and completely to advise the parties and the Commission of the specific issues of fact or law to be raised or controverted."

The Commission will require strict compliance with the above quoted rule.

G. Consumers Power Company shall, on or before July 11, 1975, serve upon each person seeking to intervene a copy of the written direct testimony of its proposed witnesses and the proposed exhibits as filed with the Commission. Proof of service shall be filed with the Commission on or before August 18, 1975.

H. THE INCREASES DESCRIBED IN THIS NOTICE HAVE BEEN REQUESTED BY CONSUMERS POWER COMPANY. THE MICHIGAN PUBLIC SERVICE COMMISSION MAY EITHER GRANT OR DENY THE REQUESTED INCREASE, IN WHOLE OR IN PART, AND MAY GRANT A LESSER OR GREATER INCREASE THAN THAT REQUESTED, AND MAY AUTHORIZE A LESSER OR GREATER RATE FOR ANY CLASS OR CLASSES OF SERVICE THAN THAT REQUESTED.

Jurisdiction of the Commission in this matter is pursuant to Sections 1, 2, 6, 7 and 8 of 1939 PA 106, as

amended, MCLA 460.551 et seq; 1909 PA 300, as amended, MCLA 462.2 et seq; Sections 3 and 4 of 1913 PA 419, as amended, MCLA 460.51 et seq; Sections 4, 6 and 6a of 1939 PA 3, as amended, MCLA 460.1 et seq; Chapter 4 of 1969 PA 306, as amended, MCLA 24.201 et seq; and the Rules of Practice and Procedure Before the Commission, 1954 Administrative Code, Supplement No. 54, R 460.11 et seq.

## Engineers

Continued from page 1)  
Branch was extensive and required much planning and equipment movement to bring to completion.  
Progress has been excellent on both projects, and so much so on the sanitary landfill that time has been made available to start work on an additional land fill trench.  
For the Boy Scout Camp road project, completion is expected on initial phases sometime this week. This road will provide access to remote areas allowing emergency access to camp sites in event of injury to any of the campers.  
Another activity taking place during this two week period is the training and familiarization of over 100 ROTC High School cadets from the Detroit and Grand Rapids areas. The 70th Division (USAR Training) from Livonia, Michigan is conducting the two week training and orientation session for the cadets, which has included a one night bivouac, rifle firing, and land navigation exercises. Both male and female cadets are participating in the exercises.
